

Welcome to Benefits Cloud

New User Guide

Welcome to Benefits Cloud

Benefits Cloud delivers hundreds of great deals, many of which are not available on the High Street or by searching on the Internet. From everyday items such as your weekly shop to those one off considered purchases such as Holidays, Computers and the like, Benefits Cloud will make your pounds go further.

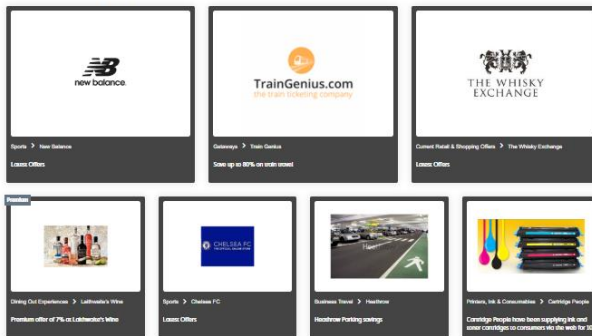

With an easy to use menu and the ability for you to customise what offers you see let us show you how to get the most out of Benefits Cloud so you can maximise the savings opportunities for you.

Getting set up on Benefits Cloud

You should have received an automated email from Benefits Cloud to say that your organisation's nominated Super User has set you up. This email will contain a link to Benefits Cloud, your User ID (normally your email address) and a temporary password. Once you have clicked on the link you will then be asked to create your own password. Once done, you are ready to use Benefits Cloud.

Newest Offers

Landing Page layout

Your Benefits Cloud Landing page is split into three sections.

Most Popular Offers

These are the offers that other Benefits Cloud users have accessed the most.

Offers Ending Soon

These are offers that have a limited time remaining before they end.

Newest Offers

These are the offers that have recently been added to Benefits Cloud.

Customising your Benefits Cloud experience

To help you filter the offers you are specifically interested in Benefits Cloud has the functionality for you to select the offers you want to see on your Landing Page thereby allowing you never to miss that great deal.

How to customise your landing page

To set your preferences go to 'My Account' which can be found at the top right of the Landing Page. Once selected you will be taken to 'Edit Profile Page'. Here you can change your email address, if it changes during your Benefits Cloud membership. Below your email and Name information you will find the 'Interests'. By selecting the offers within this section your Landing Page will then present offers in your selected categories.
